

Massage and Beauty Cruise on Sydney Harbour

By Daniel Lashwood – The Elite Cruise Company

Indulgent pampering for Corporate Rewards has moved beyond the day spa to aboard Elite Cruise Company's beautiful yacht, Olympic Spirit, on Sydney Harbour. Reward special clients or staff with a pamper cruise.

Founder of The Massage & Beauty Cruise on Sydney Harbour, Janet Raddatz, says beauty cruises appeal particularly to the female demographic, as traditionally many day event incentives or reward programs, such as golf, races or sailing days, appeal to men.

Pampering, even in a minimal form is becoming popular as part of the entertainment aboard general lunch or dinner cruises, with therapists roaming amongst the guests giving soothing five minute neck and shoulder massages.

Janet feels spa-type incentives are here to stay, and a cruise is a product that corporates can confidently offer as an incentive or reward.

Corporate gift vouchers to be pampered make the ideal reward, a special thank-you, the perfect gift.

The Massage & Beauty Cruise package includes a three hour cruise, choice of deluxe facial or full body massage, tarot reading and catering. Corporate packages can be tailored to individual company needs.

Corporate guests pass on positive feedback. During the past year we have had repeat business from the Insurance, IT and Banking sectors.
